

The Michael Magro Foundation helps hundreds of children and families through fundraising efforts

Our gift card and life essentials program brings meals, groceries, transportation and other necessities to our families

Donations of DVD's, arts and craft supplies, gaming systems, stuffed animals, toys and more help Child Life Specialists keep children smiling

We help the Pediatric Specialty Practices at Winthrop-University Hospital and other area hospital practices by underwriting projects, and providing comfort to young patients awaiting procedures

Project SOAR supports pediatric cancer patients in their journey back to school, during and post treatment

We support The Child Life programs at many hospitals which helps a child understand medical procedures through education and medical play

Small wishes granted to patients over the age of 18 when diagnosed with cancer and being treated in a pediatric setting

"Bonding with Baby" aims to guide the sibling/family through the trauma of hospitalization, by creating a nurturing environment to aid in their uncertain experience with the use of a variety of interventions and activities. Facilitated by our Music Therapist/Child Life Specialist and volunteers

The Michael Magro Foundation
is proud to announce

Honoree of our
12th Annual Evening of Tasting and Giving!

Priority Payment Systems is a proud supporter of the Michael Magro Foundation and our mission to bring people together in raising funds and awareness for children with cancer and other chronic illnesses.

Priority is a leading electronic payments provider helping small and mid-size businesses thrive in the competitive New York market by delivering strong core payment processing, elegant consumer engagement strategies and faster access to capital.

Priority believes locally owned businesses should be a positive influence in their communities and therefore are active in supporting both the Michael Magro Foundation and Winthrop Hospital Cancer Center.
