Our Mission

The mission of the Michael Magro Foundation is to better the lives of children with cancer and their families, as well as other chronic pediatric illnesses. They work each day to help families meet the complex issues of care by educating patients and communities about pediatric cancer care and long-term treatment effects. MMF touches the lives of hundreds each year with their Life Essentials Program. This program with the guidance of pediatric social workers help the families pay household bills such as rent/mortgage, utilities, car payments, car insurance, transportation to and from treatment as well as medical expenses and pharmacy bills.
