SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in the accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), which requires the Foundation to report information regarding its financial position and activities according to the following net asset classifications.

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of estimates

The preparation financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the reporting period. Actual results differ from those estimates.

Revenue recognition

Contributions, including unconditional promises to give, are recognized in the statement of activities as revenue in the period in which they are received. This revenue of \$42,131 is recorded net of any resulting direct donor benefit. Contributions received with donor stipulations that limit their use or are designated as support for future periods are considered temporarily restricted. When a donor restriction expires, that is, when a stipulated time restriction ends or the purpose restriction is met, net assets with donor restrictions are reclassified to without donor restrictions and reported in the statement of activities as "Net assets released from restrictions." Contributions of assets other than cash are recorded at their estimated fair value. Additionally, the Foundation recognizes revenue and expenses associated with donated goods and services.

Grants of \$10,000 are recognized in the statement of activities as revenue in the period in which services are performed in accordance with the agreement with the grantor.

Revenue received from fundraising activities \$381,448 are recognized upon completion of the activity. This revenue is recorded in the statement of activities. Fundraising expenses of \$100,781, are also reported under expenses in the statement of activities

Cash and cash equivalents

The Foundation maintains cash in bank deposits and accounts that, at times, may exceed federally insured limits. The Foundation has not experienced any losses in these accounts. The Foundation considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents.

See independent accountant's review report and notes to financial statements.
